

Happy Birthday

Aunt Twinkie

Happy Birthday to a beautiful lady with a big heart of kindness, love and understanding! I hope that your day is full of so much joy and excitement that it carries you on cloud nine for many days after today. Thank you so much for all of your support along the way as I end my college career, I reflect on how much of an impact that you have had. I appreciate all that you do and know that you wear many hats daily. Please take off all of your hats today and just be Antwinett Owens Lee. Allow everyone around you to shower you with the same love and compassion that you have showered so many others with. Have a beautifully relaxing day with non-stop laughter and smiles. Happy birthday auntie.

Love,

Shaunda J.
